

VIDYA SHAKTI LEARNERS: IMPACT STORY

IMPACT STORY

I belong to an agricultural background as my parents are farmers. I am placed at AYS software solution as a software trainee. This Job means a lot to me! After completing the Data Science course from upGrad Foundation, I have become fully capable of working in the data science domain. As this is my first job in the IT field, It has allowed me to change my family background. The course has given me the necessary knowledge and technical skills required at the workspace. The teaching process as well as the weekly live streams are really helpful in clearing my doubts. I have learnt that it is possible to Never be dependent on anyone to reach one's goal. One should try hard, work harder and aim to be Independent.

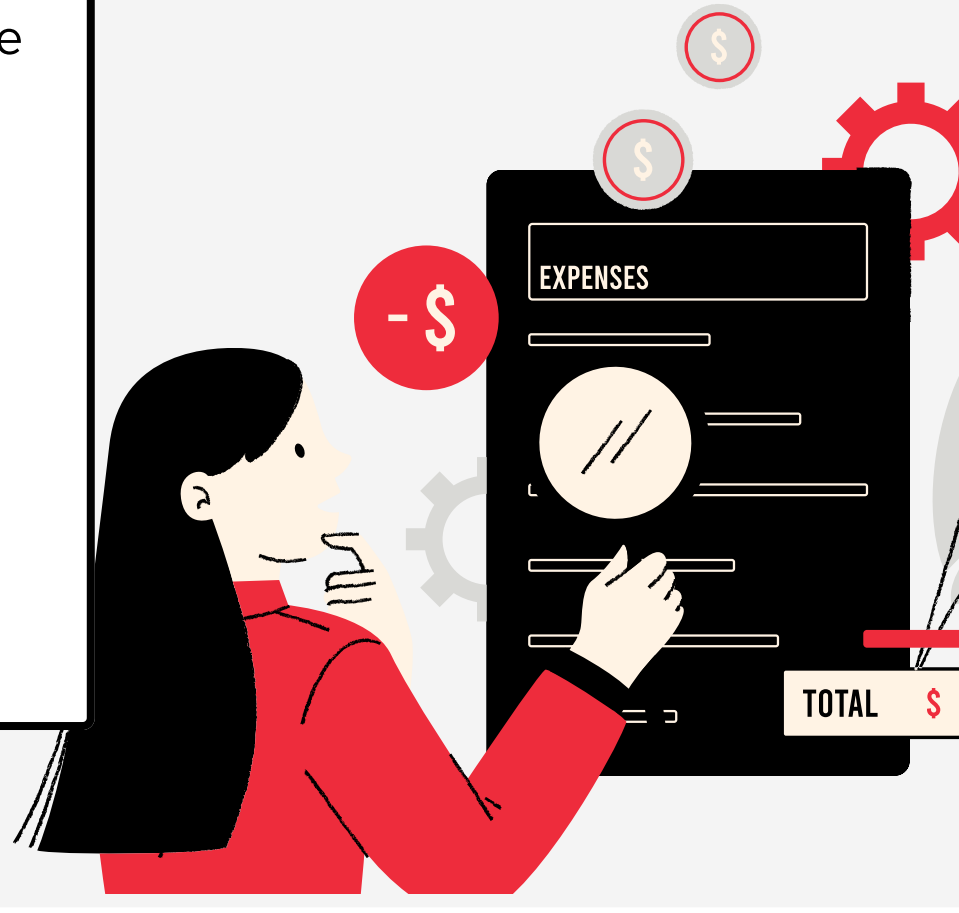

RUTUJA KALE
Pune, Maharashtra.

My father is a Farmer and Mother's is a Housewife. upGrad Foundation has provided me immense support in making me independent. I like all the modules and Doubt sessions as part of my Data Science course. My suggestion to all the learners is that if they listen to the classes by upGrad Foundation they will learn technical skills necessary to get a job. I am placed at Keertana Finance Service in NanakramGuda as a MSBI Developer. My job experience has been very enriching. I am learning a lot at my first job. I am learning how to lead in the company and how to be an all rounder. My job empowers me with the ability to do what I want.

VIDYA SHAKTI SAATHI MENTORING PROGRAMME: COHORT 2

Mentor of the Month:

Given every month to one mentor who gives the most time to their mentee in supporting them.

Shalmoli Roy Choudhury
Career Coach
Career Support & Preparation Services

"A mentor is someone who allows you to see the hope inside yourself."

MENTOR-MENTEE CONNECT

Being a coach, I have to interact with many learners for different coaching and mentoring sessions. But being a Vidya Shakti mentor was an overall different experience. All my mentees were very enthusiastic, proactive, and full of energy. Nausheen, Komal, and Bhargavi are very dedicated to their career goals. They refused to let their circumstances limit their aspirations. Their learning attitude was the main driver for all our sessions. I would really like to thank upGrad Foundation for providing such an opportunity where I could work with today's youth and guide them to take a step toward their career goal. I am always ready to extend my support for this social initiative by upGrad Foundation. I am hoping to see more cohorts in the future and mentor more such mentees.

Shalmoli Roy Choudhury | Mentor
Career Coach- Career Support & Preparation Services

"A mentor empowers a person to see a possible future, and believe it can be obtained. Shalmoli Ma'am was one such mentor to us."

Bhargavi | Mentee

Nausheen | Mentee

Komal | Mentee

VIDYA SHAKTI DIALOGUE: EXPERT TALK SERIES 6

Vidya Shakti Dialogue aims to bridge the gap between learning and practice. The idea behind this initiative is to give young girls and women in India access to diverse, successful female role models so they can learn from their experiences and choose their own route to empowerment. The most recent session was organized with an emphasis on the growing significance of Data Science and aimed at making the learners Job ready.

Meet our Speaker

SHAMBHAVI GUPTA

Shambhavi is one of the youngest Data science educators in India. Having taught more than 60,000 students across the globe, she has a youtube channel which aims to give students systematic, easy and insightful learning about Python, Data science, Machine learning and all the tools associated with them. She is currently an Instructor at Udemy and a Subject Matter Expert at upGrad.
